WEEKEND WHITES & STRIPES

THE LOOK Make it white with stripes for chic weekend separates. It's a style every woman, any age, will look fabulous in. Swap your old navy blazer for a sharp white jacket, or your jeans for skinnier jeans, and nail the look.

WHAT'S IN STORE Dress-down casuals are the mainstay of every wardrobe, the staples that form the backbone of every brand. High street names like Next, Gap, Debenhams or Uniqlo are easy on the wallet when you want the right casual look to make the switch from work to weekend.

HOW TO WEAR IT Keep white casuals fresh by injecting a bolt of bright colour. Bold cobalt blue adds zip to perfectly-fitting jeans, and a boyfriend blazer and a striped T-top is a multi-use basic this summer.

LYNDA MAGGAR, 61, from Chelsea, London, has two grown-up children and helps out with voluntary work locally. Enviously slim, she lives in jeans and sports a witty, smart-casual look.
